

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking to Implement the
California Renewables Portfolio Standard
Program.

Rulemaking 04-04-026
(Filed April 22, 2004)

**ADMINISTRATIVE LAW JUDGE'S RULING
EXTENDING TIME FOR ELECTRIC SERVICE PROVIDERS TO SUBMIT
PRELIMINARY RENEWABLE PORTFOLIO REPORTS**

Two motions filed by the Alliance for Retail Energy Markets – a Motion for Adoption of Protective Order for Electric Service Provider Preliminary Renewable Portfolio Reports (December 6, 2005), and a Motion Concerning the Contents of Electric Service Provider Preliminary Renewable Portfolio Reports (December 23, 2005) – are pending. In order to allow electric service providers (ESPs) time to prepare their preliminary renewable portfolio reports after a ruling on these motions is issued, the time for ESPs to file and serve their preliminary renewable portfolio reports should be extended, *sua sponte*, to January 23, 2006.

IT IS RULED that the time for electric service providers to file and serve their preliminary renewable portfolio reports is extended to January 23, 2006.

Dated January 9, 2006, at San Francisco, California.
